Members of the A.M.A. have pointed out that in Manitoba for example, the \$100 charge was assessed the second year after the fee was established, owing to large surplus and small number of members.

In Alberta, it has been contended that collection of the annual charge should be suspended.

The matter is to be discussed fully at the annual meeting.

the annual meeting of the A. is held in Edmonton Nov. 19.

INCUBATORS RUSHED TO QUADRUPLERS—Proud mother of quads is seen looking at new offspring. First birth of quads in Bault Ste. Marie's history has caused quite an uproar. Public-spirited citizens already plan to build home for the large family. Seen leaving.

Toronto for Bault Ste. Marie, Ont.—See four in incubators, gift from a hospital which were pushed by plane for the quads' use. Doctor J. McDonald, who delivered the famous four, is pleased with babies' progress.—B.N.A. photo.

NEW GRAIN CARRIER LAUNCHED—Down the slips to be greeted by cheers, sirens and whistles goes the S.S. Coverdale at Midland, Ont. One of two biggest ships to join the Great Lakes fleet, she will carry cargoes of grain and ore next year from the head of the lakes.—B.N.A. photo.

PRISONER SOUGHT HAVEN ON LEDGE OF CITY HALL—Climbing to the ledge of a second story window overthrew criminal court at city hall, Toronto. George Franklin, 32, defied efforts of men to get him down and threatened to jump. Franklin, who was hauled inside by a police officer, had appeared in court a short time before and had pleaded guilty to theft and receiving charges. Franklin, known as the 'Mad President', had also tried to escape a short time before in a struggle with sheriff's officers. At left, confessed thief is seen being led to jail after attempted escape. Prisoner is seen, at right, after he has escaped onto a ledge.—B.N.A. photo.

REAL TIME SAVER—If you are a real time saver, you know that it is wise to wash your curtains when they are soiled, but not wait until house cleaning time to do it, since you will be busy with "a million and one" things at that time. This curtains are so easy to wash that it takes no time at all to do the job. Seven minutes from sink or tub will find them hanging on the line, or rolled in a Turkish towel, if you prefer that method. Always use warm water with ample soda and squeeze the soda from the fabric with your hands, instead of twisting it. One soaping and two rinsings is usually enough, although you may soak them a few minutes in the suds first if you wish. It's a real time saver to wash each pair of curtains when you notice they are soiled, rather than wait until all the curtains in the house are dirty . . . for washing that many can be a tedious, unpleasant and tiring task!

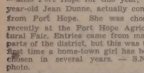

THE CATS MEOW—Catherine Tremey, (right), and Mary Wiley, both of Montreal, display their prize-winning Japanese cat, the breeding of which is their hobby. These took first prize in Vancouver.

TIMELY WARNING—This picture might contain a timely warning for those people who use a sling when haying. Stuart Starr, Newmarket, Ont., was using the tractor for that purpose when he left it at the top of the hill. Just after he climbed off it started down the hill on its own. One wheel hit a post which flipped the tractor over. Charlie Greenwood is attaching a chain in an effort to right the machine.

BEAUTY WINS—When Mrs. Irene Maximino appeared in court on a charge of letting her dog run after a motorcycle policeman, justice was lenient at her beauty, but she was fined \$2 and costs anyway. "I had no idea the second was so pretty or I would not have let the charge," said P.O. Justice McKee after Mrs. Maximino admitted her dog, Shooie, a three-year-old German pointer dog, ran after the officer. However, Mrs. Maximino forgave the public officer for haying the charge after she drove her home in his own car.—B.N.A. photo.

GUNS CONFISCATED—Ontario Conservation Officer Van Wyck is shown, with six guns which were confiscated at Kenilworth, Ont., for infraction of laws on 1949 duck-hunting season opened. Two of the guns were impounded; two more were confiscated for unnecessary destroying of migratory birds. Two rifles were taken because they can't be used in duck hunting.—B.N.A. photo.

FOUR CHILDREN ALL BORN ON 12TH—Mrs. Irene Gaudreau of Toronto with latest arrival in family of four children, all of them born on the 12th of the month. Father, Robert Gaudreau, with other three children: Bobby, (left), born April 12, 1941; Yvonne, born on March 12, 1942 (a Friday); Louise, born March 12, 1946. Latest child, a baby girl, was born Oct. 12.—B.N.A. photo.

CLIMB TO BUMPER BOY GETS RELEASED—Afraid to let go of the bumper when a car on which he had been playing, began to move, Reggie McLaughlin, two and a half, son of Mr. and Mrs. Sydney McLaughlin, Hamilton, Ont., was dragged for over a city block, sustaining his nose and suffered a bump on his forehead. He fell off when the car slowed down for a stop street.—B.N.A. photo.

that we could choose between these alternatives. Actually, as an editorial in the "Washington Star" Sunday Star" points out, "choice is seriously limited." Control depends not on us, but on Russia's willingness to submit to international inspection, of which there seems to be small hope.

It may be, as the Kremlin claims, that they do not trust us. But it is clear they do not like us.

The Russians, therefore, will hold to their view, refusing all controls that might obstruct them unless some other nation finds and follows out an aim fulfilling all the deepest aspirations of the Russian people in a way the Marxist ideology can't even promise.

This is actually the only way the Western World could ever end the overhanging threat of devastation. But it is really impossible? Do we still have a chance?

Not without vast underlying changes in our existing national life.

In the same edition of the "Washington Star," the Chairman of the U. S. Senate points out that none alternative to atomic warfare, "Namely, just adjustments of the differences dividing mankind cannot be chosen unless men and nations change."

Yet this is possible, he says. At Zurich, Switzerland, there are earnest men and women "above political, diplomatic and economic levels" — frankly facing the fact that the only way to change, changed hearts, changed desires, changed attitudes, changed minds. He stated: "Jack Jones, steel worker from Wales and a communist for 28 years, addressing the World Conference of Churches, has stated: 'Unless you change as managers you won't have an industry in three years. And unless we change as workers we won't have our freedom in three years.'"

"WEAR A POPPY FOR REMEMBRANCE"

Once again this year The Canadian Legion is asking the people of Delia to wear a poppy for remembrance. This is an excellent appeal, and one that should not be overlooked. During the years since Col. John McCrear wrote the challenging poem, "In Standard Fields," the poppy has taken on a peculiar significance. It has come to typify in many countries of the world the debt which we owe to those who died in battle.

The Legion slogan, "Wear a Poppy for Remembrance," is a good slogan. It is one that deserves the wholehearted support of every citizen.
